The ecosystem offers various forms of education that support the professional development of educators, teachers and principals in the field of pedagogical digital competences.

You can choose between:

- e-seminars, where you will be able to learn a variety of effective didactic usage solutions as active participants in life, test them in practice (when working remotely) and share their findings in a live or remote conclusion. If you are already skilled, you can perform the tasks yourself (without a lecturer) in the form of a self-assessment of the knowledge of SAMSEM,
- e-workshops, which are four-hour live education. Their content focuses

E-project collaborative learning

e-Workshop

At the e-workshop, e-project collaborative learning will focus on the meaningful activities of project-collaborative work (conceptual design, research, design, creation, inquiry, improvement and presentation) and monitoring and ...

We include e-activities in classes

e-Workshop

At the e-workshop We involve e-activities in classroom will focus on planning lessons by integrating e-activities into lessons. You can sign up for an e-workshop here. Contact us for more information ...

Zapiski

Spoštovani udeleženci:

-Če imate vprašanja jih natipkajte v klepet in predavatelj vam bo na koncu predavanja odgovoril.

-Če želite predavatelja opozoriti na vprašanje že med predavanjem, prosimo dvignite roko.

-Pomoč o uporabi VOX-a je na voljo na:

Klepet (Everyone)

Aleš Časar: Pri meni je popolna tišina. Je tako tudi pri ostalih ali je kaj narobe samo pri meni?

Matjaž Batič Finžgar (ARNES): da

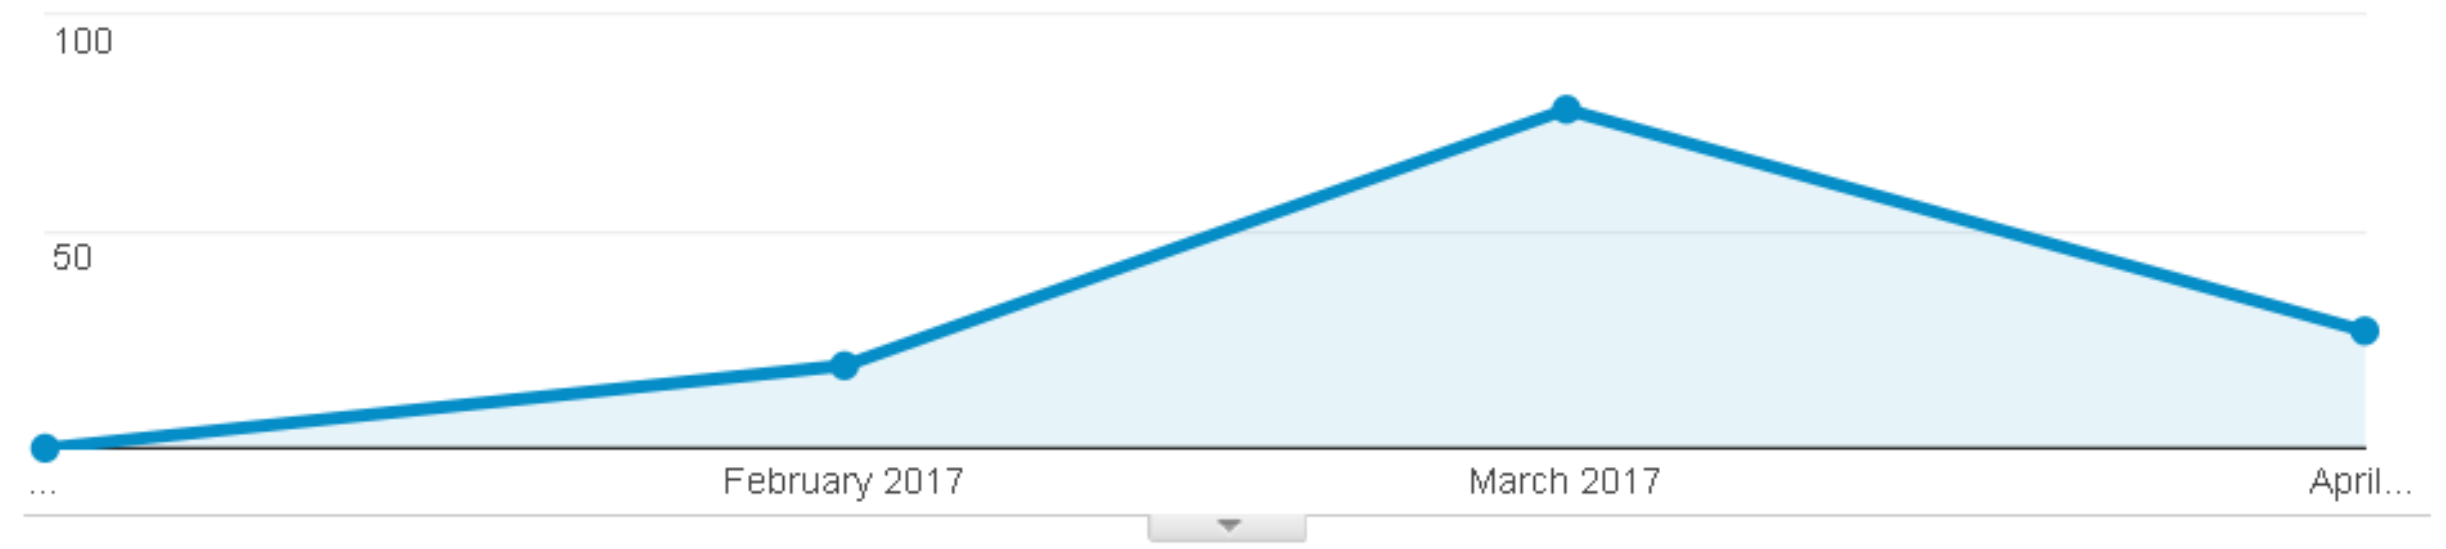

Aleš Časar: Zvok se je vrnil.
