

Inspiring Teaching practice example

Use of the Dropbox tool to share different types of digital information with students useful in the educational process

Author	Grozea Angelica - Romania
Title	Use of the Dropbox tool to share different types of digital information with students useful in the educational process
TET-SAT Area	Digital Communication and Collaboration
Number and name of the illustrated competence	Question 20. Teachers' capacity to share information and digital educational resources with students
Estimated level for this competence	Capable
Learning outcome(s) associated with it	Dropbox makes easy file sharing and makes possible collaboration between everyone who wants to work on a file in a team
Type or name of ICT used	www.dropbox.com
What you do that meet this level	I use Dropbox with my pupils to upload tasks in different formats of files, and we find it useful because they can pair or work in group without to spend time commuting to one pupils house.
Draft actions to move to the next level	Attend some workshops to develop my knowledge and get new ideas; get to know different platforms. Get knew ideas on how to create new resources that can be useful for the students; get knowledge to create more complex resources.
