What you do that meet this level	I use a platform PenPal Schools for projects with students all over the world. It's about discussing various topics. Currently, I have a project about immigration with my English class students who are 17 years old. Students have to discuss on the given topic and then they have to present their findings using one of the online platforms. We use canva.
Draft actions to move to the next level	Teach students how to create content e.g. Movies, presentations, graphs etc. I involved the IT teacher in order to help me.
