## Sensitization for the responsible and safe use of digital environments

<b>Author</b>	Alejandro Blanno Castro
<b>Title</b>	Sensitisation for the responsible and safe use of digital environments
<b>TET-SAT Area</b>	<b>Digital Citizenship</b>
<b>Number and name of the illustrated competence</b>	<b>Question 24.</b> Teachers' knowledge and competence to interact appropriately online
<b>Estimated level for this competence</b>	<b>Capable</b>
<b>Learning outcome(s) associated with it</b>	A substantial improvement in the understanding of the criteria of digital city and safe management of digital resources will be fostered
<b>Type or name of ICT used</b>	Hotspot Shield, HTTPS Everywhere, URLUnconver, NoScript
<b>What you do that meet this level</b>	<p>With Hotspot Shield you can make students aware of the importance of protecting their IP address and preventing any intruder from accessing the information stored in their systems. With the HTTPS Everywhere application, students can be informed about how to protect their data and perform academic downloads or other internet resources.</p> <p>The use and knowledge of the application URLUnconver, allows students to verify what is behind the links that may contain dangerous material, allow them to be observed on the web page in question and make it possible to avoid an attack.</p>
<b>Image or Link to the example</b>	Link to Hotspot Shield <a href="https://www.hotspotshield.com/">https://www.hotspotshield.com/</a>
<b>Draft actions to move to the next level</b>	Sensitize through Mooc's on copyright, creative commons licenses, use of security applications, social network risks, etc.
