

Inspiring Teaching practice example

Technology or Magic

Author	Afroditi Michailidi - Greece
Title	Technology or Magic
TET-SAT Area	Digital Citizenship
Number and name of the illustrated competence	Question 26. Creating, adapting and managing one or several digital identities and guiding students
Estimated level for this competence	Proficient
Learning outcome(s) associated with it	Students become aware of the importance of tracking and protecting their digital footprints
Type or name of ICT used	Mentimeter/Wordle, Video, Kahoot
What you do that meet this level	Students first share what they know about their digital footprint (Mentimeter or Wordle can be used for this depending on whether we have predefined answers or alternatively have the students brainstorm). Then they watch the video that raises some questions about digital identity that they may have not realized exist. Finally, they answer questions about protecting their personal data using an online tool.
Image or Link to the example	Video link https://www.youtube.com/watch?v=F7pYHN9iC9I Note that it is commercial but I think it is applicable for the associated learning outcome
Draft actions to move to the next level
