

Inspiring Teaching practice example

Use of Plickers in English classes

Author	Dubravka Crnić - Croatia
Title	Use of Plickers in English classes
TET-SAT Area	Digital Pedagogy
Number and name of the illustrated competence	Question 10. Teachers' competence to use and adapt ICT-based assessment tools to support different types of assessment (formative, summative)
Estimated level for this competence	Capable
Learning outcome(s) associated with it	To check and assess what students learned, to make classes more interesting - gamification
Type or name of ICT used	Plickers
What you do that meet this level	I use the Plickers app to see what students have learnt from last time to assess, or just to have fun. It's great for schools without tablets because students use cards to answer and only the teacher need a mobile with internet connection and a computer. My students really like this activity because they think it's fun and I get an instant feedback about their progress.
