<b>Learning outcome(s) associated with it</b>	Exploring digital technology and use the information to improving knowledge concerning the given content Using ICT to integrate biological knowledge in new contexts
<b>Type or name of ICT used</b>	ActiveTextbook
<b>What you do that meet this level</b>	I use the active textbook for evaluate students or just as an example of e-portfolio. So, in a given document students can add interactive elements (videos, links, images etc). On the other hand, students could create their own content and enriched it with their contributions. They can work in groups, in pairs or alone.
