| <b>Author</b>  | Fiorenza - Italy   |
| <b>Title</b>   | ICT tools and collaborative learning environments to teach English as Foreign Language and English for Specific Purposes (Computer Science)  |
| <b>TET-SAT Area</b>                                  | <b>Digital Pedagogy</b>  |
| <b>Number and name of the illustrated competence</b> | <b>Question 1.</b> Develop, implement, reflect and redesign ICT-supported teaching and learning strategies with ICT  |
| <b>Estimated level for this competence</b>           | <b>Proficient</b>  |
| <b>Learning outcome(s) associated with it</b>        | Improving cooperative learning activities, motivating students in learning a foreign language, stimulating collaborative learning and project based learning, improving students working in pairs or small groups developing speaking, listening, reading and writing and students' competences achievement.   |
| <b>Type or name of ICT used</b>                      | Wordpress, Padlet, TES Teach, Quizlet, TwinSpace   |
| <b>What you do that meet this level</b>              | I do not use any textbook but blogs to introduce new topics and plan activities. I allow my students to use personal devices and ICT tools during English lessons. I also promote the use of online learning platforms and web tools for didactic use in order to facilitate a better learning experience.   |

| <p><b>Draft actions to move to the next level</b></p> | <p>I would like to investigate new ICT tools and use them with my students. I would like to create new lessons and activities and improve the web tools that I have already experienced. I would like to share opinions, materials and experience with other European EFL and ESP (Computer Science) teachers.</p>   |
